

We gather at the Harcourt flame Monday, April 13, 2020

Wonder

is an important aspect of our lives as God's people. There is the wonder of God's presence in large and small ways in our days, the wonder that is nature and the arrival of spring, the wonder of the Easter message of rebirth and renewal, and the wonderings of the many questions on our hearts that we bring to God. Here are a few questions from Rev, Cameron Trimble, CEO of Convergence. They invite us to be explicit about our wonderings and explore where God is calling us in these uncertain times.

- I wonder what would happen if I learned to....
- I wonder what if I need most right now is actually.....
- I wonder what the current challenges might be teaching me....
- I wonder what would happen if I stopped doing....
- I wonder if I focused on what is *right* in my life, I might discover....
- I wonder why I am afraid of....
- I wonder if God....

Bring your wonderings to God and know that you are loved - wherever these wonderings take you.
